Web Page:

We must work to preserve the quality of life throughout Maui County – this is an issue for everyone. For the past seven years I have served as Executive Assistant to Councilmember Wayne Nishiki, giving me invaluable experience in the workings of county government and the issues we must confront to preserve the special quality of life we all share in Maui County. If I am elected, the citizens of Maui will have a Councilmember who has the experience to begin working from day one with an in-depth knowledge of their needs and how to effectively serve them. My office door will be open to everyone.

Councilmember Nishiki and his office have always served as the watchdog for the public interest. This is critical because decision makers are inundated daily by private interest lobbyists who are paid to influence Council decisions on behalf of their clients. Very few citizens have the time to lobby on behalf of the public interest. As a Councilmember, I would make that my fulltime job.

I have working relationships with council members and the mayor, their staff, and department employees throughout the county, which would allow me to efficiently and effectively work cooperatively towards goals that will preserve our quality of life. I humbly ask for your support.
